

VOLUNTEER

Discover Purpose, Place, and Community

Fall 2018 Edition

Welcome

Welcome to the first edition of the NYC Senior Service Providers Volunteer Coalition Guide!

More than 1.5 million adults age 60 and older live in New York City. It is our hope that this volunteer guide will help to strengthen and grow the volunteer community across the five boroughs. This guide was created with the goal of linking volunteers who want to serve older adults, and older New Yorkers who want to serve, with organizations that have volunteer opportunities.

Volunteering is a great way to make a big difference in the lives of others. Putting a skill, interest or hobby to great use, working alongside dedicated staff and volunteers, helps improve the lives of your fellow neighbors, making New York City a great place to live and grow older.

Make new friends in your neighborhood, or explore the farthest reaches of this city, all while giving of your time in service to others. The opportunities listed in this guide might be down the street from where you live, across town from where you work, or maybe where you go to school. No matter where you want to serve, or your motivation, we hope that in using this guide, you will find the right opportunity for you to make a difference.

This volunteer guide is organized geographically. Choose the borough where you want to serve, and you will find a list of organizations, along with their addresses and volunteer activities. Use the hyperlinks to visit their page and get more details on how you can contact the organization directly and get involved.

Thank you for your interest in serving, and for making a difference in the lives of older New Yorkers in your community!

Mission & Vision

The NYC Senior Service Providers Volunteer Coalition is composed of citywide NYC nonprofit/community-based senior services providers, led by the NYC Department for the Aging, that collaborate to identify and group-think solutions to volunteer engagement and management that will strengthen and grow volunteer capacity for and by older New Yorkers across the five boroughs.

Calling All Volunteers in the Inwood / Washington Heights Area

We are not in Siberia, although sometimes it feels like it.

We are, however, in a bustling area in Northern Manhattan.

So if you can use the number 1 train, you can find us.

Give us a call at (212) 579-7790 and we will guide you to our Center by giving you several transportation options.

Good Fellowship

Our membership is composed of lively, friendly and fun personalities. It's a small world: you may even meet someone you know and have not seen in many years here. You'll like who you meet.

Variety of Activities

Newcomers are sometimes amazed at the many different activity options available to those who attend the Center. Supported by several grants, we offer everything from mask making to yoga, to improvisation, to trips that members write about their experience – example: Wave Hill in the Riverdale section of The Bronx. Volunteers may also participate in leisure games, Bingo, Dominoes, etc. We are always adding to our offerings from input from our members.

Wonderful Volunteers

Finally, we want to take this opportunity to thank the wonderful volunteers who have come to the Dyckman Senior Center for our holiday celebration. They have been so helpful and dedicated in assisting the seniors during the holidays.

A Final Word

Call us to discuss what is coming up! Remember to plan to spend additional time with us, and become a member or if you are a member of another center, just come and be a valuable volunteer. We welcome volunteers of any age

Make sure your older neighbors are not forgotten. Become a Friendly Visitor or an Appointment Companion

Give the gift of friendship by visiting, listening, remembering a birthday, or playing a game of cards. Go for walks together. Help someone hook up a computer or set-up an email program. Be a travel companion for medical appointments, cultural outings, or grocery shopping. We provide training plus ongoing guidance and support.

Making friends is good for you!

Research shows that staying socially connected as you age has more positive impact on health and longevity than quitting smoking or losing weight.
